# 🧪 Transformation Form - Testing Guide

## ✅ What's Been Implemented

### 1. Web3Forms Email Integration

- ✅ Access key configured: `3ca23ba3-c21b-4bf0-817a-10d1ace488ea`
- ✅ Form submits directly to Web3Forms API
- ✅ Email notifications sent to your verified email address
- ✅ No server-side code required (works on static hosting)

### 2. Thank You Page

- ✅ Created at `/thank-you` route
- ✅ Beautiful, branded 5-phase transformation roadmap
- ✅ Download PDF button (304KB file included)
- ✅ "Let's Get Coffee" button (links to your Calendly)

### 3. Form Flow

```
User fills out form
    ↓
Submits to Web3Forms API
    ↓
Email sent to you instantly
    ↓
User redirected to /thank-you page
    ↓
User downloads PDF & can book call
```

---

## 🧪 How To Test The Form

### Option 1: Test on GitHub Pages (Recommended)

Once GitHub Actions rebuilds your site (5-10 minutes):

1. Go to: `https://joniwoods.github.io/joniwoods-transformation/`
2. Scroll to "Get Your Free Transformation Roadmap"
3. Fill out the form with test data:
   - Name: Test User
   - Email: your-test-email@gmail.com
   - Support Type: Individual Coaching
4. Click "Get My Free Transformation Roadmap →"
5. **You should:**
   - Be redirected to the thank-you page
   - See the 5-phase roadmap
   - Be able to download the PDF
   - Receive an email at the address you verified with Web3Forms

## Option 2: Test on Abacus Preview

Once the cache clears:

1. Go to: `https://joniwoods.abacusai.app/`
2. Follow the same steps as Option 1

---

## 📧 What You'll Receive

Every time someone submits the form, you'll get an email like this:

```
From: Web3Forms <noreply@web3forms.com>
To: your-verified-email@example.com
Subject: New Transformation Roadmap Request - Individual Coaching

Support Type: Individual Coaching

From: Test User (test@example.com)
```

---

## 🎯 What Each Button Does

### On Main Page:

- **"Get My Free Transformation Roadmap →"**
- Submits form
- Sends email to you
- Redirects to thank-you page

### On Thank-You Page:

- **"LET'S GET COFFEE!"**
- Opens your Calendly in new tab
- Link: `https://calendly.com/joniwoods/virtual-coffee`

- **"DOWNLOAD PDF"**
- Downloads `Joni_Woods_Transformation_Roadmap.pdf`
- 304KB file, mobile-friendly

---

## 🔍 Troubleshooting

### "I didn't receive the email"

1. Check your spam/junk folder
2. Verify you used the same email address when registering with Web3Forms
3. Check Web3Forms dashboard: https://web3forms.com/

### "Form submission failed"

- Make sure you're testing on the live site (not localhost)
- Check browser console for errors (F12 → Console tab)
- Verify internet connection

### "Thank-you page looks broken"

- Hard refresh the page (Ctrl+Shift+R or Cmd+Shift+R)
- Clear browser cache
- Try a different browser

### "PDF won't download"

- Check pop-up blocker settings
- Try right-click → "Save link as..."
- Direct link: `/Joni_Woods_Transformation_Roadmap.pdf`

---

## 📊 Form Limits

**Web3Forms Free Plan:**
- ✅ 250 submissions per month
- ✅ Unlimited email addresses
- ✅ No credit card required
- ✅ Spam filtering included

If you exceed 250 submissions/month, you can:
1. Upgrade to paid plan ($9/month for unlimited)
2. Or integrate with Airtable/Google Sheets (we can set that up)

---

## 🚀 Next Steps

### Immediate:

1. Test the form with your own email
2. Verify you receive the notification
3. Check the thank-you page looks good
4. Download the PDF to confirm it works

### Optional Future Enhancements:

- Add Google Sheets integration for permanent log
- Add custom email template with your branding
- Add auto-responder email to users
- Add Google Analytics tracking for form submissions

---

## 💾 Code Location

All changes pushed to GitHub:
- Form component: `app/components/sections/transformation-form.tsx`
- Thank-you page: `app/app/thank-you/page.tsx`
- PDF file: `app/public/Joni_Woods_Transformation_Roadmap.pdf`
- API route (deprecated): `app/app/api/transformation-form/route.ts`

## 🆘 Need Help?

If anything doesn't work as expected:
1. Check this guide first
2. Look for errors in browser console (F12)
3. Check Web3Forms dashboard for submission logs
4. Ask me for help!
